

3D HoloBox Pro 32" - 55"

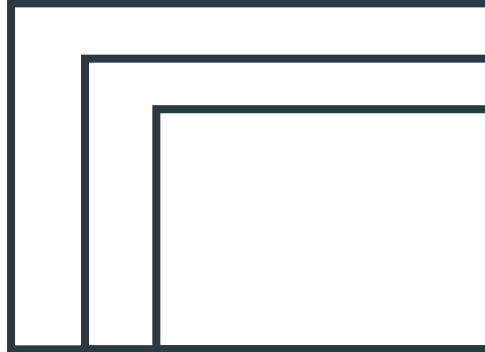

FACE DOWN

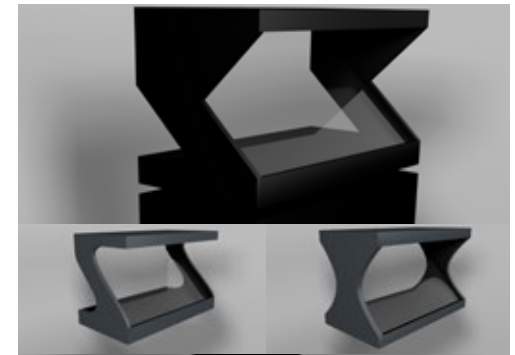

- The monitor is placed in the upper part of the box
- The projection is heading downwards thanks to special industrial monitors enabling **FACE DOWN** placement
- For the perfect view on the **3D effect**, the projection surface is situated at eye level

DIMENSIONS

- Monitors for professional use with variable placement of the screen
- For **FACE DOWN**, the following monitor dimensions are available: 32"/43"/55"
- The only manufacturer offering standard guarantee for this placement

DESIGN

- Appearance underscoring the product uniqueness
- Original solution that was precisely elaborated
- The solution can be saved to your laptop, or connected with your tablet or cellphone

UGO! Media is a Czech visual systems integrator.

Since 2009, we have actively searched for new ways in the field of visual display terminals and interactive media.

We are active worldwide and our solutions are applied in industry, education but also mass use in retail.

We develop our own series of products and regularly bring fresh innovation to communication through image.
