**UGO!**  
PREMIUM VISUAL SYSTEMS INTEGRATORS

**Who we are**

We are premium visual systems integrators. UGO! Media is a company focused on development of digital imaging technology. Our main mission is to produce high-quality projection films, displays and interactive technologies to be used in company presentation, advertising and brand communication.

**Creative ideas**

People around the world enjoy our solutions and you will enjoy them as well. We are a technological company with a global presence and a truly motivated creative team. We enjoy working on projects, which call for attention and bring new solutions in communication through image. That is why we appeal to customers from various industries and corners of the planet.

**Working with the best**

We have the support of strong partners and have been cooperating with world leaders in their fields that are close to ours in the long term. Our certified partners include Epson, SHARP, Samsung, 3M and others. Our solutions often represent extensions to the technologies of these companies and lead to a completely new applications.

**Taking the extra step**

We also develop own applications for our technologies, deliver interactive content and provide its management. We know how crucial it is to fill good technologies with good content and to change it regularly. You know why, we know how.

**Comprehensive Solution**

From a piece of foil to the entire retail equipment! We supply to end customers and agencies worldwide, provide partial components, as well as entire solutions. We can be your one-time suppliers of certain technologies, or partners for the complete provision of complicated and complex projects (including installation) and their maintenance (service). You can rely on us even if your project is complicated.

**Responsibility**

Your success is our call. We love our work and our passion transfers to our customers and their customers. We care about the result and we always try to deliver something extra, which makes you to remember us, return to us or recommend us further. The cooperation with us is transparent from the very beginning solutions are understandable. We are dedicated to given issue and look for ways to solve it with regard to the objective of the project. Our business relationship does not end with the delivery of technologies. We take care of our clients within the following after-sale care as well.
